DR. JEFFREY MOORE

IT COULD HAVE BEEN ME

OVERCOMING LIFE'S CHALLENGES

One of the most gifted preachers, serving as the senior pastor of the New Birth Church in Southern California and mentoring pastors worldwide, Dr. Jeffrey Moore, is convinced that people can make it by faith. Through his book, he invites us to take a good look at ourselves and have the gratitude attitude because out of the people who could have faced life's greatest trials, it was not us who were on the verge of losing the people and other things we value most in life.

It Could Have Been Me: Overcoming Life's Challenges is an expression of his concern for afflicted people in the world today and how life's events lead them toward a path of greater purpose and lasting happiness.

Mike Smathers

Adventures in Faith

A Memoir of Two Purpose-Driven Lives

Driven by a purpose, energized by faith, and guided by a compelling vision, the purpose of Mike Smathers and his wife for moving from one community to another was to remake a distressed, back-country Appalachian community into an intentional Christian community. Both of them refused promotions to continue working on their vision. Their vision was in the making for thirty-five years. Eventually, their pioneering efforts in community development and racial equality gained replication and distinction from others. Mike journaled their journey in *Adventures in Faith: A Memoir of Two Purpose-Driven Lives*.

Mike Smathers penned this memoir believing that the history he shared in this retrospective account is worthy of being preserved for posterity—even if that posterity is only a few people.

Denise Watts

NUGGETS OF GOLD

Reflections on
Right Relationship with God

A minister and Bible teacher, Denise Watts, pens *Nuggets of Gold: Reflections on Right Relationship with God* as an invitation to a lifelong treasure hunt—reading the Bible. This book refreshes us with the basic tenets of Christianity, allowing us to gain a fresh and renewed sense of what it means to be a follower of Christ through a Bible-informed picture of God and what a healthy relationship with Him offers.

There are verses throughout Scripture, hidden like nuggets of gold in a rich lode, that are waiting to be mined by all who are willing to spend time in His Word. The Bible, God's love letter for His human creation, shows how much He loves us and encourages and empowers us to learn to apply his standards in life.

AN EPIC LOVE STORY.
A RIVETING HISTORICAL DRAMA.

A brilliant exploration of Black society
and perseverance when the '20s first began to roar.

“A debut novel everyone will be talking about, *The Mayor of Maxwell Street* is outstanding. Filled with intrigue, suspense, and a cast of characters I both adored and wanted to strangle, this novel kept me flipping the pages and holding my breath!”

—VICTORIA CHRISTOPHER MURRAY,
New York Times bestselling author of *The Personal Librarian*

BOOK.IO INVESTORS

Radical Investments A Mark Cuban Company

"NFTs as books... With those as NFTs, well the NFTs allow you to apply royalties so that when that book is resold, the author and the publisher and whoever else is involved can get a set royalty fee. That means that the publishers who created the book can keep on getting paid, whereas when there's a physical book that's sold and resold they have to hope that book falls apart, so that they can sell a new one. So I think that's a great application."
